January-2021:

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2020-21 educational progress for the Crawford Excelsior #1 School District. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information. Please contact Michael J. Hill-Superintendent for help if you need assistance.

The DISTRICT AER is available for you to review electronically by visiting the following web site: <https://bit.ly/2Olo2Th> or you may review a copy in the main office at our school.

These reports contain the following information:

Teacher Qualification Data

- Identifies the number and percentage of inexperienced teachers, principals, and other school leaders
- Reports teachers who are teaching with emergency or provisional credentials
- Includes teachers who are not teaching in the subject or field for which they are certified

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

Civil Rights Data

- Provides information on school quality, climate and safety

Review the table below listing our schools. For the 2019-20 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted

Support (ATS) school is one that has a student subgroup performing at the same level as the lowest 5% of all schools in the state. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state or has a graduation rate at or below 67%. Some schools are not identified with any of these labels. In these cases, no status label is given.

School Name	Status Label	Key Initiative to Accelerate Achievement
Crawford Excelsior #1	No Status Label	Increase student growth in Mathematics per grade level.
		Increase student Reading Comprehension and Fluency.

The Crawford Excelsior #1 School District is committed to the successful education of our 49 students, across our K-8 grades. Student achievement and growth is our priority. We are focused on improving student performance in Reading and Mathematics.

State law requires that we also report additional information.

Students living in the Crawford School attendance area may attend.

The updated school improvement plan can be located via the school website at: www.crawfordschool.com

Goals and strategies to increase student achievement in all content areas are included.

The school follows the State of Michigan Common Core Standards. Grade level curriculum can be accessed through one of our three classroom teachers. Over the past three years, students have taken the NWEA assessments in Reading and Mathematics. A goal is for each student to have academic growth in these two subject areas.

Sincerely,

Michael J. Hill
Principal/Superintendent
