UPDATED FOOD SERVICE OPTION FOR CRAWFORD FAMILIES

Crawford Students & Families,

Stay Safe. Stay Home. If any Crawford Families are interested in food service available through our cooperative agreement with the Kalkaska Public Schools (KPS), please consider taking advantage of this opportunity. We thank KPS for their partnership, assistance and support!

Yesterday Governor Whitmer issued the order for schools to be closed at least until April 13, 2020. Food service will be available through this challenging time period. The following options are available:

- Food Service will be available at Kalkaska High School and Rapid City Elementary every Monday and Wednesday from 11:00 am – 1:00 pm.
- Delivery service is available at the Excelsior Township Hall, CETA Hall, Lodi Trading Company, and Save A Lot every Monday and Wednesday from 11:00 – 11:30 am.

Crawford families should contact KPS food service director, Jenny Patton, Director of Food Service at 231-258-4630 ext. 2174 with the number of meals that need to be picked up. We want to be as prepared as possible. You can also contact Cari at KPS. Her email is: croberts@kpschools.com

Families can order multi meals at one time to cover the week and weekends.

Please continue to Stay Home. Stay Safe. Please continue to check our Crawford Facebook page or the Crawford School website for current updates! Please continue to practice all health guidelines provided by medical experts.

In addition, please keep learning! Teacher lessons, reading and writing are encouraged. An idea for students would be to keep a daily journal or diary during this challenging crisis. This is a historic time period and student journals one day could be very, very valuable!

We miss you all very much. Stay positive. Be happy. Help each other around your home. Be a leader within your family by offering help, encouragement, chores, positive attitudes and encouragement. We are going to be OK. We are Crawford Strong!

Questions can be directed to Mr. Hill at: mhill@crawfordschool.org.

Stay Healthy. Stay Safe. Stay Home. Your health and safety is the priority!
